OUR CHILDREN

Our Gratitude

This year more than any year has produced so many friends who have come forth to aid our organization, so we would like to take this special occasion to mention them. *''TO THE''*

Village of Oak Lawn who gave us a place to organize and put our plans in action.

Moraine Valley College who reached out into the community and provided us with not only a place to put these plans into action, but their faculty came by with words of wisdom.

The Sward P.T.A. whose assistance goes far beyond the words.

Mr. Lee Stanton who year after year has always been on the job.

To Dist. 123 School Board who really care about their students after school hours.

Helen Hultgen who became a full fledge member of L.S.A.A. not only for her help over the years, but for her belief in our kids. And for her love of her community and people.

Jack Harnedy who when all others held out their hand, he took it upon himself and helped us get outfitted.

Gus & Pete Panogiotopulous If people were to know you as we do, they too would know two guys bigger than life itself, thank you.

Marty Fett and Family How well we at L.S.A.A. really know how much you have gone out of your way for us. Marty, you may only stand 5'6'', but in our book you're every inch of 11 feet tall.

Bill, Dennis, Debbie and Danny and all the others at Moraine Valley who have always been there, we say thanks.

Bruce Smith at Alternative Graphics who has knocked himself out year after year on our behalf, and if you are reading this you know how.

The Coaches Young people like Mike Foy, Peggy Ryan, Pat Clettenberg, Marc Baschetti, Matt Connelly, Terry Mitchell, Jim Januas, Greg Lannagan, Laura Kirar, Bill Oldham, Eddie El Souso and Jenny Connelly, there isn't enough paper to write about these young people. They gave of their time and themselves **volunteering** over 100 hours throughout this tournament. If L.S.A.A. were to be asked to list on paper what they wanted in coaches they couldn't have gotten a better bunch.

Over The Hill Gang Men like Jules Baschetti, Larry Connelly, Frank Kirar, Lou Novinson & Jim Tysiak, and it can be said without a doubt, that here are the greatest bunch of watchdogs in the world. Every kid who was around knew it too, and they were respected for it, and who still lay claim to be the fastest chair stackers in the business. These guys helped make this season.

To Those who were our transportation to and from the practices and games, we owe a special gratitude.

Zay Smith, Chicago Sun Times Zay you let the world know of us and also showed young people there is great strength in the pen.

Finally We come to those who carried it through 'til the end, who have given so many hours for us to share and remember. To the **cheerleaders** and basketball players of Lake Shore Athletic Association we say for a job well done

THANKS

We have no "Jabbar, or Michael Jordan, not even a Julius Erving", what we do have is a Badon, Lannagan, Kamberos, Jendrezjak, Novak and 60 other kids, who on any given day, will give you just as many thrills as the big guys.

There are no Honey Bears or Fridgerettes or Rocketts, but what we do have, are the Lake Shore Athletic Assn. Cheerleaders, Mary, Elise, Lynette, Angie, Jenny, and Kim, plus we have the one and only Noelle.

These girls put on a show that can raise the roof off any gym. For 16 weeks we have watched the thrill of victory and the disappointment of defeats. We watched the boys who ran and jumped, shots that were hit and the ones that were missed. Girls who never stopped cheering from the beginning to the end. None ever showing signs of quitting, but always showing their pride.

Some will think of the games they have played, others will think of friends they have made, but **all** will think of L.S.A.A.

For those of you who never had the opportunity to see Magic in action, don't despair, Lakeshore Athletics and Cheerleaders will be back next year. Some will return, others will go on to things in school teams that eagerly await you as we did. And to those of you who do go on remember, when things get a little rough or hectic, think of the 16 weeks you have just completed and take that few minutes to say, I'll just go back to say "Hello".

So to the 70 players and 26 cheerleaders, we would like to say to all of you, with all our thoughts and feelings, "Thank you for 16 weeks of pleasure and enjoyment you have given us."

THE HOOP

Vol. 1 No. 1 - Printed by and for members of L.S.A.A. December 7, 1986

With this being the first issue of the hoop, we would like to give you a little background on L.S.A.A.

L.S.A.A. started back in 1971 by a group of guys who wanted to do more than jus hang around the corner. So, they came up with the idea to start a team to compete in local athletic events . The response to this idea was so great that instead of having one team they had their own association.

With the help of a lot of local people, they soon had entered in basketball, baseball, football and boxing. No matter where they went, the L.S.A.A. members were respected for their sportsmanship and conduct as well. They found that they never gave up their identity but gained even more respect as the years went on.

By 1974, L.S.A.A. had become inactive, but ten years later, in 1984, a young girl came to her father and asked why? Why what asked her father? Why can't L.S.A.A. start over again? Her Dad replied, "Why not" and once again, L.S.A.A. became active. Starting out with 22 boys, 8 girls and a college with a heart as big as its campus, Moraine Valley Community College gave them a place to call home.

Now, almost 3 years later, L.S.A.A. numbers over 100 young people and growing by the day. To tell you all of the history of L.S.A.A. would entail writing a book. The best way to learn about it is to get involved with Lake Shore Athletic Association.

* *

The L.S.A.A. cheerleaders stole the show on Tuesday night at Moraine Valley College. The team from Kankakee might have thought they were putting on a big show with an impressive win over the Marauders , but it was nothing compared to the show the L.S.A.A. put on during the game. A lot of 6th, 7th and 8th grade girls were at the top of their form in a non-stop show of two hours of cheering. The cheerleading coaching is done by Laura Kirar and Jenny Connelly.

Our Girls

They came from the east side, the west side, north and south sides of the area. All came with a thought to join Lake Shore Athletic Assn. Cheerleaders.

Each had their own thought of what it was going to be like. Each wanted something for themselves, and their way of life.

There were two young ladies, Laura Kirar and Jenny Connelly, who were there to sort these ideas out as well as teach them how to execute the movements of a cheerleader.

They worked hard at it, as did the girls. There were 31 when they started out. We lost 9 along the way to other activities, and the 22 that stayed worked very hard and spent many hours both **practicing** and performing.

They spent over 60 hours practicing (not counting their time at home). They cheered for over 40 games, both for L.S.A.A. and Moraine Valley College, which takes their hours into the neighborhood of 160 hours of work.

So to the Jenny's, Elise, Mary, Lynette, Noelle, Kelly's, Kim, Angie, Becky, Kathy's, and the many others who helped put this season **together**, we hope to see you again next year and we always hope that the start that you got at Lake Shore Athletic goes on through life, and no matter what endeavor you choose to take, that you will always remember we are there with you. And when that little girl somewhere in the future says ''Mom, can I be a cheerleader?'' you'll walk her by the hand and ''Remember''

When You Made The Walk.
