

LAKE SHORE ATHLETIC ASSOCIATION

1993
Annual Banquet
April 1, 1993

WELCOME

To **YOUR** 1993 Lake Shore Athletic Association Annual Banquet. We use the word **YOUR** because that's what Lake Shore Athletic Association is . . . **YOU!**

You have just swollen your ranks past the 800 mark. A mark you can be proud of.

To the parents of these young people . . . *be proud of them, as we are!* We have watched them grow, not only in size, but in character.

We don't believe that even the best writer or poet could express in words what we at Lake Shore have seen and felt this year.

Each hour, day, week and month, brought something new. Now we look back on this 1993 season with pride because we see those that we had doubts about rise to the challenges — and now sit among you.

OUR GRATITUDE

Something we enjoy doing each year is to take a few minutes and express a years worth of gratitude to those who year after year get behind Lake Shore Athletic Association and make it what it is. Each year they do so without a lot of fan fare. We at Lake Shore Athletic would like to share with you, the people who help make those of us out front look good...

The School Board and P.T.A. of District 123

People of our community should have the insight on just how far you reach into the community and that your care and understanding go far beyond your doors.

The Sward P.T.A.

Their actions speak much louder than our "Words."

Pam Wellman

of Pam's Florists who came into our midst when she bought Hultgens Florist. Pam, all we can say about you is that your the greatest.

Gus & Pete Panogiotopulous

Two brothers, who for the past 8 years, have supported us and followed our every move. When they left their native Greece, it was Greece's loss and L.S.A.A.'s gain.

Bruce Smith

Bruce is the top man at B Allan Graphics in Alsip. The creator of our yearly banquet book and so many other things he does for L.S.A.A.

Mr. William Finn

To Mr. William (Bill) Finn and the entire athletic department as well as the board. We could write a book on your efforts to make so many dreams of the future come true, but words will never cover all the many things we at Lake Shore Athletic have witnessed. So with our hearts we utter these two words... "Thank You."

And Last But Not Least

We looked to this gentleman for the past 22 years, a gentleman who never showed us a deaf ear when we needed help. So many times in the past we would call, and he was there. He would make calls on our behalf and would always attend our games and contests. When he was Village Clerk he would always come at our beckon call, and as Mayor he would put aside a busy schedule and attend our functions. To those of us who have been around, know when we address him as Mr. Ernest Kolb, he is still telling us its "**Ernie.**"

*TO ALL OF YOU
WE AT LAKE SHORE ATHLETIC ASSOCIATION SAY
THANKS*

TO A VERY SPECIAL GIRL

She came at age 9 and wanted to put on a play that she and her girl friends wrote. They did this and put it on for the students and parents of Sward School. The cable company put it on T.V. and the Special Olympics received the proceeds. This was the introduction to a very unique young lady.

From there she kept growing. With the aid of friends from high school, they taught her and a few of her friends to be cheerleaders. A complete organization was built around her. Her father and a few of his friends went to Wm. Finn of Moraine Valley College, and he welcomed her cheerleaders at their games. L.S.A.A., with the help of Mr. Finn and District 123, began gathering young people from the community and L.S.A.A. has become history.

Since that day 11 years ago, she has worked with almost 100 girls, and has chalked up a record that she should be proud of. (Although knowing her, she isn't even aware of them.)

Let me give you a few of her achievements: She has gone from Sward School to Moraine Valley College, to Du Page College, to Triton College, to the Chicago Stadium and back to Americana Nursing Home to Garden School for the Handicap. Each time, taking her cheerleaders with. She has been awarded honors from the Special Olympics, the Cook County Sheriffs Office, the Village of Oak Lawn and L.S.A.A. All the routines are choreographed by her.

Young people follow her everywhere. Many have come back to sit with her on a Sunday afternoon, and many have come back to give her a hand. She never complains of the demands put on her and has never said no to a young lady who has asked to join her cheerleaders. From age 5 to 16, they all work together. To many she is known as just "Mary." There is gratitude and pride we feel for Mary Novinson at L.S.A.A., and we know that we speak for the many girls who grew with Mary, and for the communities she has touched these past 11 years. We also know that in the future a lot of these young ladies will one day be coming with their own young ladies looking for a Mary Novinson, just as they did when they were young. To you Mary Novinson, we say with all our hearts and love . . .

THANK YOU FOR BEING THERE!

ARTWORK

The art work seen in this years book was done by Jim Hunt of the Celtics. Jim is 14 years old and hails from Chicago Ridge. Thanks a lot Jim. It just points out that L.S.A.A. is not just basketball.

1993 COACHES

MICHAEL FOY

A graduate of The University of Illinois, hails from Oak Lawn. Since his graduation he has become a computer specialist for Airborn Express. Michael has been with Lake Shore Athletic Association for 10 years. He has spent over 8 years of this time as its president. Michael has done everything from sweeping the floor, coaching and score keeping to driver. You name it - Mike has done it. To us he is "Mr. L.S.A.A."

MARY NOVINSON

The oldest active member of L.S.A.A. graduated Sward, McGugan, Oak Lawn High, and is about to complete her accounting course at St. Xavier College. She has been a cheerleader and cheerleader coach since 1984! She has been given awards by the Cook County Sheriffs Office, Special Olympics and many of her own peers. Many have called her "The Pied Piper of L.S.A.A." Mary has approximately 6,555 volunteer hours work over her 11 years with Lake Shore Athletic Association. If Michael Foy is Mr. L.S.A.A., for sure Mary is "Miss L.S.A.A."

Referee Marc Baschetti is what Lake Shore Athletic Association is all about. He never played organized basketball before he joined L.S.A.A. as a 7th grader. Mike Foy was his **first** coach. As he learned and grew, he played on L.S.A.A.'s most successful team, the Bulls. They were undefeated in two seasons. He was their leading scorer, and M.V.P. in tournament play. As a high school freshman he scored 15 points against the Chicago Bears. He later coached a regular team, the Rockets, and coached L.S.A.A. to a tournament championship.

The experience he gained at L.S.A.A. aided him to become a starting forward on three basketball conference championships at H. L. Richards High School. He was also starting linebacker on two Illinois State football teams at H.L.R. He was awarded area honors with three other linebackers who are now starters for Notre Dame. He was awarded a football scholarship to the college of St. Francis. He is currently seeking a career in telecommunications.

Of all the excellent coaches he has played for, he says that he has learned more about the toughness of competition in sports and life from Lou Novinson.

His advice to the young kids is *“when he hollers, listen. The more he hollers the more he loves you and wants you to succeed.”*

LOU NOVINSON

By J. Baschetti

To a lot of people who think that Lou Novinson is the Godfather and force behind Lake Shore Athletic Association, and without whom there would be no such organization, I say ***“You Are Correct.”***

Everyone recognizes his talents for funding, and his organizational abilities. Any one who wants to:

- form a league of over 100 young people of all ages and school development;
- uniform them;
- find places for them to practice and play the games and cheerlead on Sundays;
- have it all work out in a fairly balanced way, to a usually closely played championship game;
- to provide a beautiful banquet that would be the envy of any high powered high school program,

I say *“Think it’s easy? Try it!”*

Yet Lou would say his part is easy. Without two things, all L.S.A.A. would be is an excuse for him and a couple of other old guys behind the scenes to get out for a couple of nights a week, and on Sunday afternoons. They are ***PRIDE & DEDICATION.***

A young man joined Lake Shore Athletic Association in his sophomore year in high school; with his natural talent and skills, he could have easily pursued a career in high school basketball. There is no doubt he would have progressed on to the college level in this sport. Instead, he chose to help coach this league during its infancy.

We could never forget how he stepped in at the last minute and coached our team in a tournament against rival communities in front of a large crowd, and did a tremendous job. Remember, at the time he was just a high school sophomore. He was always willing to help in any way. He carried equipment, coached a summer clinic, and even helped grow vegetables in L.S.A.A.'s "Garden of Youth" during the drought of '88.

He always had his car full, driving kids home who didn't have a ride, not to mention driving a couple of old guys who needed rides. He has always unselfishly taken teams that had the smallest kids, some of whom had never even touched a basketball before, and took pride in forming them into competitive units. Wins or losses were never important. He can also take pride that many of those little guys grew up to star on future L.S.A.A. teams. Some went on to excel in high school, and even a few in college.

As a college student, he took on the enormous task of president of L.S.A.A., juggling his studies with three practices a week, games on Sundays, doing a lot of leg work, always responding to any phone call for help. He managed good grades and is now embarking on a successful career in business. With all this, he always seems to find a gym open late at night where he continues to maintain his skill as a player. He is now one of the legends of Rocket Slide Park. Circumstances and rules have always prevented him from competing in a regular L.S.A.A. game. He did play and starred in many of our exhibition and All Star Games; notably, the one against the Chicago Bears where he held his own against the fastest cornerbacks in the NFL while playing with a sprained ankle.

Any parent who has dealt with him can say that his attitude and consideration make him a class act. For those parents who have never formally met him, he is the guy with the personality, sense of humor, good looks and character that any father would say "*This is a guy my daughter can bring home any time.*" There is no better compliment than that. Oh, by the way, do we have to mention that we are talking about MIKE FOY?
